

ThermMAT 160watt/m²

Description

The ThermMat is a triple insulated class 2 heating mat. The twin wire single connection heating cable is woven on to a fabric mesh that holds the heating cable together to simplify installation. Manufactured in a wide range of ready made sizes and with the supply lead wire at one end only. It is supplied on a roll for quick and easy installation — this design offers maximum flexibility to the installer; easy to plan and easy to lay and suitable for large or small areas.

- Available from 1 to 15m²
- Fabric matting making for a better bond to the subfloor.
- Available in 230V
- Triple insulated
- Designed to be laid on concrete, marine ply or construction boards with tiles, stone.
- Ideal for comfort heating in kitchens, bathrooms and wet rooms.
- 4 mtr cold tail
- Designed to be laid under ceramic tiles, slate, Terracotta, Marble, Stone and Limestone.

Specification
